

## Leading the Smaller Church Without Settling for Less CNH Missions Conference 2026

There's a quiet lie that small church leaders hear all the time: you're doing less, reaching less, making less impact.

It's not true.

Small churches and big churches aren't different in mission—but they are different in how they're led. And when you understand those differences, everything changes.

At the 2026 CNH Missions Conference, we're creating space for leaders like you—pastors, planters, and ministry teams—who are done settling and ready to lead with clarity, conviction, and confidence.

9:00 am -9:30 am	Opening Worship

If you're leading a church, attending a church, or feel like you're carrying big expectations in a small setting—this is for you.

Come ready for:

- Fresh perspective
- A few uncomfortable truths
- Practical strategies you can actually use
- And the kind of clarity that helps you lead forward again

You don't have to settle.

You can lead with clarity, confidence, and purpose right where you are.
